NOTICE: The Colfax Municipal Building's automated door is being installed and until it's finished the ramp will be closed. We don't have a firm date for the completed installation because we're waiting on arrival of the electronic arm.

Patrons with mobility issues should use our curbside pickup service. Call 715-962-4334 and we will bring items out to you. We apologize for the inconvenience but the automated door will be a great improvement when it is done
